Rayco NSW Report

Rentals continue to go strong from the Sydney branch with another 12' & 8" chipper being put into the rental fleet. The 1824 18" chipper is in Sydney now and has been out doing demos continuously. If you would like to see this machine work and compare it to other 18" chippers on the market. Gary & Glassy are quite happy to bring it out for a demo with your crew. Just call 1300072926 and arrange a time.

TMH Safety SA.

Matt Draper from TMH Safety has the range of Rayco products available for you to demo. Teeth and other major parts are available from the Klemzig location. Matt comes from the Access industry and can also organize a lift for you to hire. Give him a call if you're in South Australia on 0418 317 678 or 08 8369 1527

Best Joke of the month

A man enters a barbershop for a shave. While the barber is foaming him up, he mentions the problems he has getting a close shave around the cheeks. "I have just the thing," says the barber taking a small wooden ball from a nearby drawer. "Just place this between your cheek and gum."

The client places the ball in his mouth and the barber proceeds with the closest shave the man has ever experienced. After a few strokes, the client asks in garbled speech, "And what if I swallow it?"

"No problem," says the barber. "Just bring it back tomorrow like everyone else does."

THE RAYCO BARK

Rayco's redesigned 6" Chipper provides more value than ever before.

The all new RC6D has been redesigned to provide more value than ever before. The RC6D retains many of the same performance features that have made it a favourite in the power line clearing and arboriculture industries. The chipper has been improved with better towing characteristics and longer undercarriage life. This compact, 6" capacity chipper can be outfitted with either a 25 hp or 35 hp petrol engine and comes standard with VersaFeed automatic feed control. A wider stance than the previous model maintains better stability when cornering and travelling over uneven terrain.

The new, 13" wheels and tyres are better suited to long-distance travel and roll easier over bumps and through holes. The Torflex suspension axle has been upgraded to 3,500lb capacity for longer life. All these features in an easy to operate, easy to maintain package make the all new RC6D stand out among 6" capacity brush chippers. Call 1300 072 926 to organize a demo.

New finance package release

Rent. Grow. Own.®

Rayco are excited to announce a finance package, that could be very attractive to certain customers. Below we have outlined the benefits of the **gogetta** package.

How it Works

The Rent. Grow. Own solution is perfect for businesses who want to keep their options open. Why lock yourself into long term liabilities that limit your options? Instead **gogetta** offer a 12 month rental agreement so your business has the flexibility to :

- Purchase equipment at any time during the first 12 months and receive 75% of the net rent as a rebate.
- Return the equipment at the end of the 12 month agreement if it is no longer required.
- Continue to rent - **gogetta** will simply continue to reduce your purchase price.

Example

Lets say you rent assets valued at \$50,000. By choosing the **gogetta** Rent. Grow. Own solution your sums look like this

Low weekly rent	\$576.92
Purchase price at the end of one year	\$32500.00
Total net payments**	\$53500.00
Rental cost of ownership-just	\$3500.00
Net % rental cost of funding is only	7%

*Net rent after tax savings plus purchase price. (NB:A refundable security bond of an amount equal to 4 weeks is required with the signed agreement. A document fee of \$195.00 also applies. Total asset value on each contract must be a minimum of \$2000.00)

Key Benefits

- Low weekly rental payments
- Frees up your valuable working capital to grow your business
- The ability to try before you buy
- Your not stuck with equipment if it no longer suits your needs
- A 12 month agreement- not locked into a long term lease
- Rental payments are typically tax deductible
- Renting doesn't affect your capacity to borrow for further expansion.

Call Rayco on 1300 072 926 and lets get the ball rolling.

Elite Tree Services love their RC1220 Chipper

Lambros Kallianiotis from Elite Tree Services purchased a new RC1220 in September last year. Lambros stated it hasn't stopped since he picked it up. He loves the power, weight and size of the chipper and can't believe how manouverable it is. Muz the operator loves the auto feed and

how the chipper compacts the wood chips into the truck. Lambros says its a great size but easy to get down customers drives and get close to where your working. If you're in the market for a 12" chipper, demo the RC1220, you'll be glad you did just like Lambros. Ring us on 1300 072 926

Avant Loaders available to rent in Sydney & Melbourne

The popular Avant Loaders are available to rent in Sydney and Melbourne from as little as \$350.00 per day inc GST with 4 in 1 bucket and log grapple, extra attachments available.
