For those seeking maximum horsepower and productivity in a tow-behind stump cutter, RAYCO®'s new **RG140DXH** delivers the goods. This unit is made to power its way through big stumps with its 140 hp Tier III John Deere engine. Chip collection capacity and cutting dimensions are designed for work on large stumps without the need for re-positioning or raking. An exceptionally smooth cutting action is achieved by utilizing RAYCO's Command Cut automatic swing speed control. Command Cut maximizes delivery of engine horsepower and reduces wear on drive train components. RAYCO's hydrostatic cutter wheel drive provides years of dependable service and requires little maintenance.

- Hydrostatic cutter wheel drive with "Quick-Stop" cutter wheel
- 140 hp John Deere Tier III diesel engine
- Command Cut automatic swing speed control
- Hydraulic tongue jack
- Large cutting dimensions
- 50 gallon fuel capacity
